

PRIMED
UPMARKET
PRE-PAINTED PLYWOOD

PANGUA-PRIME HIGH QUALITY, MAXIMUM PERFORMANCE!

Primed pre-painted panel of high range for indoor applications. The reduction in the finishing process guarantees a substantial increase in productivity and a further improvement to the product look. Guaranteed by Panguaneta quality control.

PANGUA-PRIME

Pangua-Prime Panguaneta is a primed, ready-to-use plywood panel. This labor-saving product eliminates one to two steps in the finishing process (sealing and priming), thereby increasing productivity and efficiency. The panels are coated with low VOC cross-linked water-based primer that will help attain and maintain adhesion of paint to the substrate. Through the process, finished products will have a better final appearance, providing a smooth and uniform finish coat.

FEATURES AND BENEFITS

FULL RANGE AVAILABLE

Pangua-Prime is available for most of our ranges and all Panguaneta manufactured sizes up to 3120 x 2120 mm.

REDUCTION IN LABOR TIME

Eliminates one to two steps in the finishing process, increases productivity and efficiency.

REDUCED EMISSIONS

Lower VOC and HAPS emissions; an environmentally responsible product.

BETTER FINISHED PRODUCT APPEARANCE

Helps attain and maintain adhesion of paint to substrate; masks defects in the substrate, allowing the finish coat to be even and uniform. Minimum grain raise for a smoother final product.

PANGUANETA QUALITY CONTROL

Consistent quality; a trusted product from trusted source.

SIZES

Size (mm)		Thickness (mm)
2440 x 1220	3100 x 1530	3 ÷ 40
2500 x 1220	3120 x 1850	
3050 x 1300	3120 x 2120	
3120 x 1250
